

ALICE Active Threat Response Training

Demonstrate your ongoing commitment to your organization and staff by preparing them to respond to acts of violence with confidence.

Save Lives:

Prepare your organization with ALICE eLearning for the entire staff

Protect Your Organization:

Ensure retention and recall with verified on-site training

Mitigate Risk:

Align safety protocols with customized and documented EOPs

ALICE active shooter response training provides your organization with a trauma-informed approach to safety education that empowers and prepares your staff to respond with strength in the face of violence.

Empower individuals to participate in their own survival using research-supported, proactive options-based strategies in the face of violence.

Protect your organization with training that will save lives with access to the most widely adopted active threat response training program.

Start online and continue in-person with a blended learning delivery for ALICE Training®. Learners come to the hands-on training already prepared with eLearning to ensure retention, consistency and fluid recall. Designed to be used by anyone, anywhere and at any time, the ALICE program is mindful of the ability and diverse backgrounds of the members within your organization.
