

## Behavior Intervention and Restorative Practices Frequently Asked Questions

### **Q: What are we releasing?**

**A:** Navigate360 is excited to release a new version of Suite360 Behavior Intervention & Restorative Practices. The new version features a revamp of the Behavior Intervention curriculum, designed to further address behavior challenges in educational settings.

### **Q: What's new?**

**A:** The new version of Behavior Intervention & Restorative Practices includes the following:

- **New lessons** – Hundreds of brand-new lessons to target common behavior infractions. We offer the largest library of behavior intervention lessons available.
- **Tiered lessons** – Lessons vary in depth across 3 tiers to help meet students' needs.
- **Restorative practices strategies** – Students will complete open response restorative practices questions, as well as Admit, Apologize, Amend reflection prompts. We also offer Choice Board extension activities for Tier 3 lessons in grades 6-12.
- **New reporting** – A new dashboard with detailed lesson reports for effective monitoring. Track completion statistics, behavioral trends, grade-level usage, and more.
- **Support for facilitators** – Behavior Intervention & Restorative Practices includes a detailed facilitator guide to help implement the program and support program facilitators, ensuring a smooth and simple implementation. In addition, we offer Restorative Practices PD to help educators understand restorative practices strategies.

### **Q: What's staying the same?**

**A:** Behavior Intervention & Restorative Practices still has the features you know and love. Pre and post tests are still available for each lesson, as well as detailed breakdowns of open-response questions and individual student statistics.

### **Q: Does this align with MTSS?**

**A:** Yes! Behavior Intervention & Restorative Practices aligns with MTSS and RTI frameworks, making it a versatile resource for behavior management and student development.

***Q: Why did we decide to update Behavior Intervention & Restorative Practices?***

**A:** Navigate360 desired to enhance Behavior Intervention & Restorative Practices to better align with RTI and MTSS and enable a universal Tier 1 program. Behavior intervention is not a one-size-fits-all approach. As research has evolved, it has become evident that implementing a three-tiered approach to behavior intervention is needed to be most effective.

***Q: How is this new version better?***

**A:** Suite360 Behavior Intervention & Restorative Practices is not just a revamp; it's a transformational tool that empowers educators to create positive, productive learning environments. It equips schools with a wealth of resources, adaptable strategies, and the data-driven insights they need to effectively manage behavior challenges while promoting student growth and development. This new version is the most comprehensive behavior intervention solution available.

***Q: What is included in Behavior Intervention & Restorative Practices?***

**A:** Behavior Intervention & Restorative Practices includes lesson engagement activities (pre/post quizzes and lesson checks), open response pages for reflection and discussion, family letters, Tier 3 choice board activities, detailed lesson and behavior reporting, and an Intervention Facilitator Guide to assist all staff with implementing Behavior Intervention lessons appropriately and effectively.

***Q: When will the new version of Behavior Intervention & Restorative Practices be released?***

**A:** **ALL current users will switch to the new version in Summer 2024.** Current customers interested in early access for the remainder of the 2023-24 school year are invited to fill out this [form](#) and will be notified if space is available.

***Q: How are the tiered lessons designed to be used?***

**A:** Tier 1 is designed to be used as a preventative and proactive lesson to teach universally expected behaviors. Tier 1 lessons can be assigned to individuals, small groups, or a whole class. Tiers 2 and 3 are designed to provide more intensive instruction, more opportunities for reflection, and more practice with additional strategies for managing behavior. Students who are assigned Tier 2 lessons will also receive Tier 1 instruction, and students assigned Tier 3 lessons will also receive Tier 1 and Tier 2 instruction. Repeated exposure to all parts of the lesson is beneficial for greater retention of the information.

***Q: How do students complete the reflection prompts?***

**A:** Schools have 3 choices for how they would like students to complete the reflection prompts. Students can enter their response directly in the lesson, in a fillable PDF, or on loose leaf paper. The default setting is to enter the responses directly into the lesson.

***Q: What are the benefits of the reflection prompts?***

**A:** The prompts provide tools for self-reflection, help foster a deeper understanding, and facilitate meaningful discussions.

***Q: What is the Choice Board?***

**A:** The choice board is a list of optional hands-on activities for tier 3 lessons in grades 6-12. These activities allow students to use their learning to give back and repair harm that was done by their behavior, increasing ownership and accountability. Students can choose to create a poster, write an essay or poem, create a slideshow, and more to show they understand their behavior and the consequences of continuing that behavior.

***Q: Is there Professional Development available for Behavior Intervention & Restorative Practices?***

**A:** Yes! A new eLearning course was developed to assist districts with learning about Restorative Practices and transforming discipline moments into learning opportunities. You can learn more about the PD course [here](#).

***Q: Can I preview a new Behavior Intervention & Restorative Practices lesson?***

**A:** Yes! Click [here](#) for a sneak peek of the new Behavior Intervention & Restorative Practices lessons.
