

Navigate360 Social-Emotional Learning Professional Development

Partners in Your SEL Journey

New packages provide professional development opportunities to improve SEL understanding, culture, and program fidelity.

Creating positive school climates, especially in today's world, requires an emphasis on high-quality SEL. **Navigate360's SEL programs** are aligned to the CASEL framework and were developed with the whole child in mind.

SEL on its own is not enough. Our SEL Professional Development offerings:

- + Improve program buy-in by engaging educators and ensuring they feel supported
- + Improve SEL understanding by building educators' background knowledge in SEL
- + Improve program fidelity by partnering with schools to help them successfully implement

our professional development offerings.**

Schools can improve their SEL culture with PD opportunities that provide background knowledge and a deeper understanding of why SEL improves academic achievement when implemented with fidelity.

Success for any program depends on training and preparation, and we're here to support you every step of the way with SEL Professional Development packages, a la carte training, coaching and customized sessions.

The comprehensive professional development packages include*:

- + Check-ins from an SEL program coordinator
- + Virtual and onsite training for educators, staff, and administrators
- + Coaching sessions

Dependent on the level of implementation package purchased (Silver or Gold)

Our robust set of tools ensures customers implement with confidence from the get-go.

Courses

- + Introduction to SEL
