

# Proactively Mitigate Risk, Uncover Hidden Vulnerabilities, & Prevent Business Disruption

A comprehensive risk assessment is the cornerstone of any effective emergency preparedness plan. Did you know that 40% of businesses never reopen after a disaster? Don't let your organization become a statistic.

Navigate360 Risk Assessments are your most comprehensive solution for identifying vulnerabilities, strengthening physical safety and security protocols, and minimizing downtime. **As your trusted partner in holistic safety, we provide:**

## Expert Service Consultants

Navigate360's team of board-certified Physical Security Professionals (PSPs) are the only Expert Service Consultants internationally recognized by AM Best's Client Recommended Expert Service Providers.

## Neutral, Third-Party Assessment

Our team assesses your security needs and processes, identifying both immediate and long-term risks to help guide your investment planning and training. As a trusted partner, our primary goal is to ensure the safety of your facility by providing tailored recommendations that meet your specific needs.

## Comprehensive Approach

Assessments and interviews are built on best practices, corresponding to industry standards, covering more than 400 security-related questions, and including more than 1,500 rating levels.

**Did You Know?** Over the past six years, our assessors have conducted more than 100 risk assessments across Health Care, Houses of Worship, and Higher Education sectors. Alarming, in approximately 40% of these assessments, they were able to enter facilities through propped or unlocked doors.

## Navigate360 Risk Assessment

### Six Critical Areas Covered

Assessors evaluate critical areas including Hazard & Threat Assessment, Emergency Planning Operations, Prevention Programs, Response & Training, Technology & Infrastructure, and Recovery Planning.

### Ensures Compliance

Policies and procedures based on ASIS board standards, as well as FEMA, NIMS, NFPA, CPTED, DHS, and state-specific requirements, ensure the most comprehensive safety and security evaluation and analysis possible.

### Short- & Long-Term Recommendations

Professional recommendations are broken down to address the short-, mid-, and long-term needs based on considerations of both serious immediate risks and the cost of recommended actions.

# Set a course for zero incidents.

Take a layered, holistic approach to workplace safety with Navigate360's technology, training, and expert guidance, helping you move closer to achieving your safety goals.
